

**“A \$100 investment  
(in Bitcoin) seven years  
ago would be worth  
\$28,341,266 today.”**  
— *Fortune*, 12/12/17

*Russ von Hoelscher's...*  
**Independent  
Cryptocurrency  
Group** 

**“These (new) virtual  
currencies are threatening  
to one day surpass  
(Bitcoin) completely.”**  
— *Crypto Daily*, 3/29/18

The Purpose of **Russ von Hoelscher's Independent Cryptocurrency Group** is to Help Our Members Identify New Cryptocurrency Coins That Could Grow as Big as Bitcoin, When They're Still Available for 1 Penny or Even Less.

## **FREE BOOK REVEALS THE SECRET!**

**Billions of dollars are being generated RIGHT NOW in the exciting new world of Cryptocurrency.** This is the most exciting investment breakthrough ever! There are dozens of digital currencies that are exploding as high as 3,475%, 21,611% and even 81,465%... That may sound crazy, but it's absolutely true.

### **EXPERTS PREDICT...**

Historians will call today's cryptocurrency market the biggest BOOM ever!

**IMAGINE: Just \$10 invested in Bitcoin 7 years ago could be worth over \$7.5 million today.**

There are stories everywhere of people making a huge fortune.

Stories like Kris Hansen... who turned \$27 into \$886,000.

Or Marcus Andrews, who started with \$300 and quickly ended up with \$80,000.

And yet, this opportunity is fresh and new. Although nobody knows what the future holds and even the experts can't promise or guarantee anyone will make any specific amount of money (and we can't do it, either)... experts say that some of these new digital currencies could let average folks turn as little as \$100 into up to \$100,000 to \$1 million... or even more.

## **Yes, That's Right... a Single Crisp \$100 Bill Invested in the Right Start-Up Cryptocurrency Could Potentially Be Worth Millions.**

If you sit this one out, you could be cheating yourself out of the only chance you'll ever have to turn a meager investment into a retirement fortune.

*Even if you know little or nothing about cryptocurrencies, you can start today...*
